

CARDINAL

1971

Property of Emerson H. Sukler

10/9/71

THE SHARON CARDINAL

EDITOR: NANCY DICK

1970-71

At 8:45 each morning another day is begun at Sharon School. Her corridors echo with chatter about the up coming game, the history test, Hamlet, the junior play, or Saturday's date.

To a few it is "just a school," but to the majority of students it is the place where they learn together, share together, and have fun together. A year at Sharon is a composite of activities. It is this spirit of activity which our yearbook has attempted to capture.

ADMINISTRATION

1971

Superintendent

Mr. M. L. Williams

Principal

Mr. Glenn Mitchum

ADMINISTRATION AND BOARD WORK TOGETHER

The administration provides the successful results which enables Sharon to accomplish its educational progress.

Much credit should be given to the Board of Education for their time and effort in promoting the essential needs of the school.

Board of Education

Jack Greenwood
Dwight Stone
Huston Mills
Pete Mease
Dick Lyman
Georgia Dawson
Dale Werner

OFFICE SECRETARY: Maurine Werner

BUS DRIVERS: Leon Gardner
Charles Rowe

Betty Boor
Virginia Hrencher

SUPERVISOR: Margaret Moser

NURSE: Aetna Adams

SPEECH THERAPIST:
Ann Cargill

COUNSELOR: Ray Fox

LIBRARIAN: Regina Allen
LIBRARY CLERK: Gwen Mitchum

ACADEMICS

10/11

OPPORTUNITIES IN THE BUSINESS FIELD ARE ALMOST UNLIMITED: This department attempts to give to each student a basic business background. Mr. Richard McGhee heads the business department.

HOME ECONOMICS VALUES ARE NUMEROUS: Cooking and sewing are the major parts of the Home Economics curriculum. Students can prepare themselves for entering home life. Mrs. Shirley Cahalen also teaches a Family Living section.

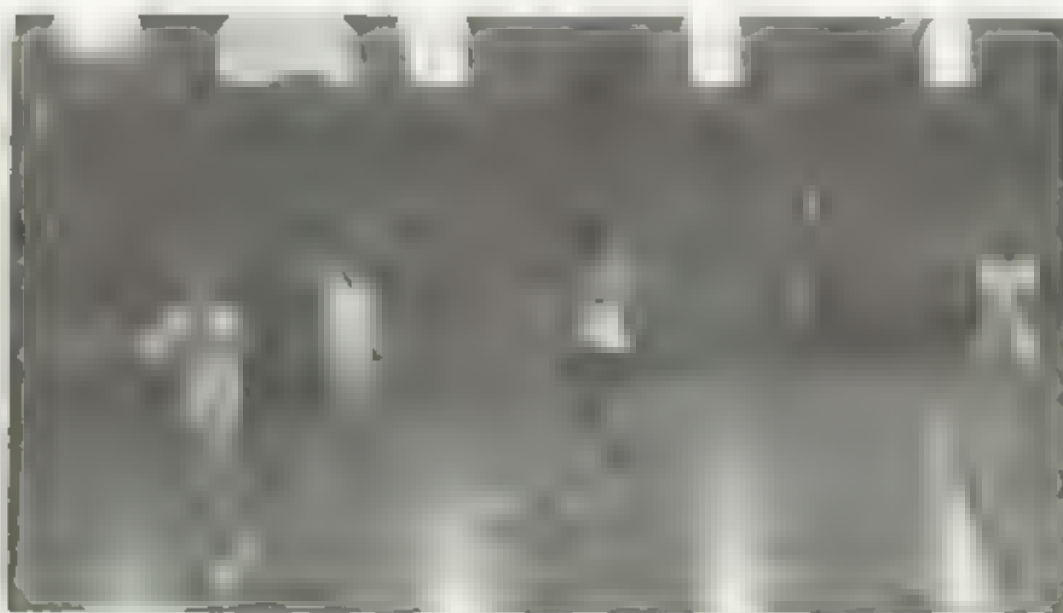

CLASSES DEVELOP INDUSTRIAL SKILL: Life in an industrial society requires advanced high school training in the fields of industrial education. Mr. Wallace, department head, instructs students in the handling of tools, machines, and materials used in today's world.

DUTCH MCCONNELL
LAMONT, OKLA.

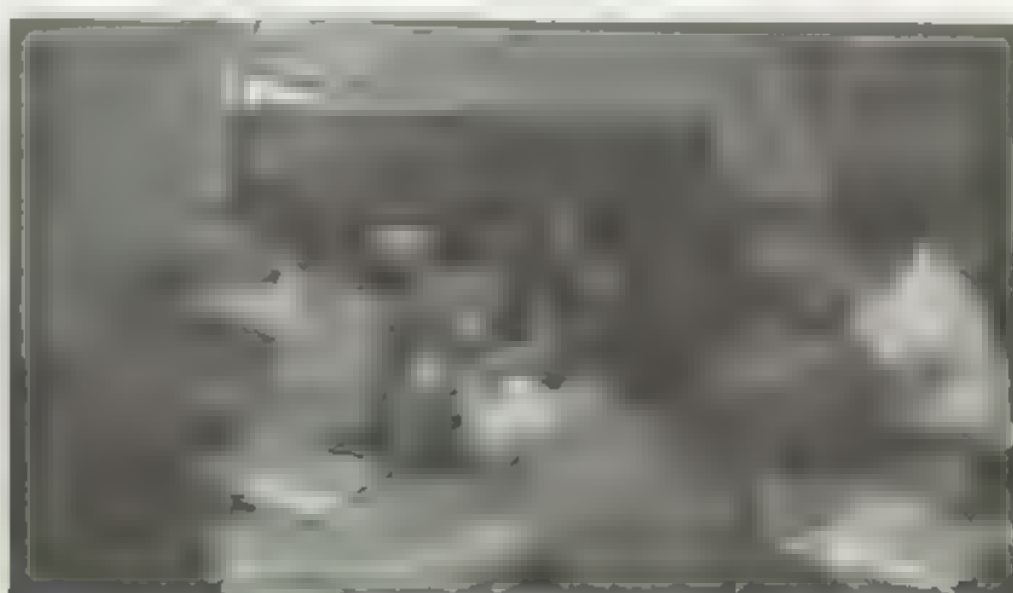

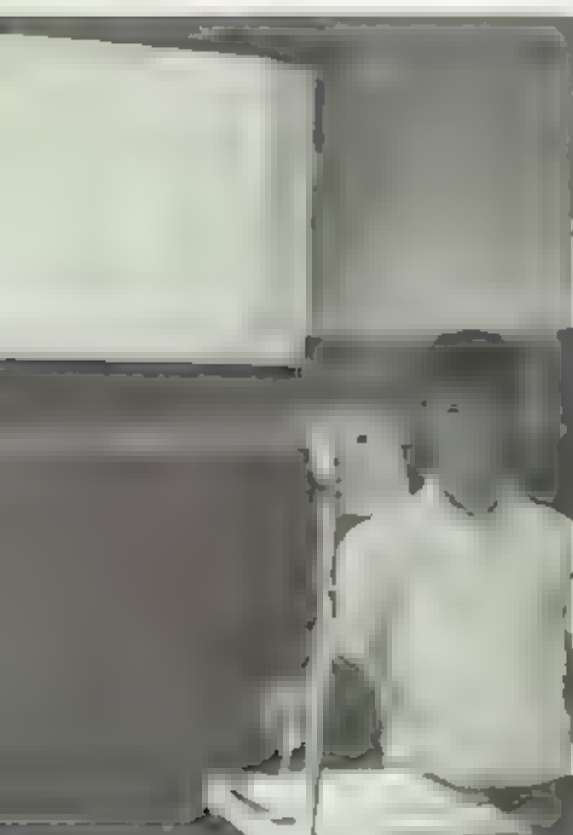

JACK SCHUBERT
BURLINGTON, OKLA.

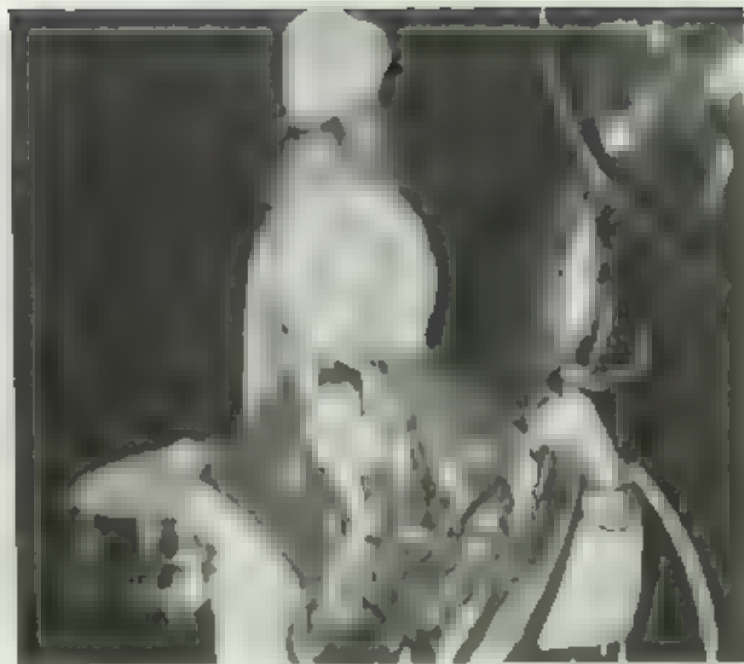

LANGUAGE STUDY AIDS UNDERSTANDING. The Foreign Language Department consists of two Spanish classes taught by Miss Margaret Schott. She also teaches junior high English.

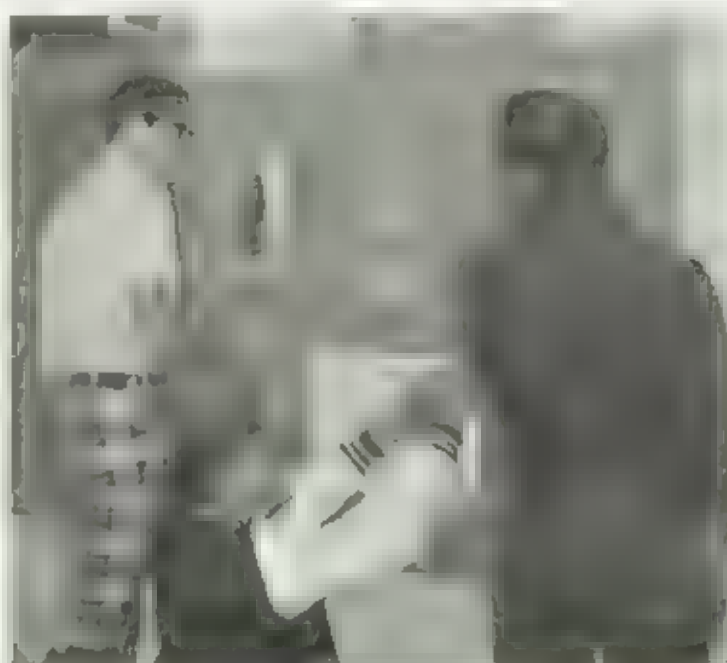

MENTAL AND PHYSICAL DEVELOPMENT Development of the body and its coordination as well as improving the mind is the major concern of the Health and Physical Education Department. Mr. Jerry Huges is the instructor.

THE ENGLISH DEPARTMENT SEEKS TO PROVIDE PREPARATION FOR ENRICHES LIVING BY MEANS OF A WIDE-RANGE EDUCATION. This department recognizes a responsibility for furthering the student's development in the areas of speaking, reading, writing, thinking and listening. Mrs. Bille Rickard teaches English and Speech.

MUSIC FIELD WIDENS: Advanced students find time to assist with beginners. Ensembles perform at many school and community functions. Miss Carol Bailey directs the band and chorus.

PSYCHOLOGY PLAYS AN IMPORTANT ROLE IN TODAY'S WORLD: It helps people to understand and cope with the many problems. Mr. Robert Percy also teaches American government and American history, which enables the students to understand the relationships of a nation with the world.

Mrs. Omaha Tatera instructs grade school music. The rhythm band has been a fun and knowledgeable experience for the students. Each student also learned basic chords on the auto-harp.

SOCIAL STUDIES AND MATHEMATICS ARE IMPORTANT: Mr. Ewell Stafford teaches the junior classes in both of these areas.

SCIENCE COURSES OFFER CHALLENGES: Biology, chemistry, and general science are the classes taught by Mr. Walt Lenkner. These classes give the students a fundamental science background and help prepare them for a career in science.

MATH IS THE OLDEST FIELD IN SCIENCE: The course is not only taken by students who are going to further their math education but also by those who plan to work in other fields as well. Mr. Jerry Holt also teaches physics.
